Clay –

Thanks for your quick response. I really appreciate that. As you can see from the request form, we have a unique situation- as a suburban city near a large metropolitan city. We also have a large number of corporate headquarters... including the parent company of the Hardee's and Carl's Jr restaurant chain within Franklin.

We also have a significant footprint in the country music, Christian music, and music recording industry. These factors create an environment that increases the likelihood of protests or civil disobedience events. This area is not free from past civil disobedience, as Nashville has a profound history in the civil rights movement in regard to sit-ins. There is also a significant presence of groups identified on the Southern Poverty Law Center "Hate Map" in the middle TN area, including Franklin.
