

CONCERN 39: SPLC SUPPORTING LEGALLY DEFINED DOMESTIC TERRORISM.

SPLC admittedly uses an off-shore database of American citizens (used by ANTIFA to allegedly commit acts of 18 USC 2331 (5) domestic terrorism), while influencing Federal, State, and Local Bureaucrats to circumvent Legal Designations of ‘Terrorism?’ (SEE EXHIBITS 1-3)

Megan Squire. Dr. Megan Squire (Elon University & SPLC) created and uses a database (called ‘Whack A Mole’) to privately track those whom she deems ‘extreme’ ‘white nationalists.’ Her database, by her own admission⁵⁰, is housed offshore. She is employed by SPLC. SPLC uses their servers to access her database. By her own admission, she feeds information from her database to ANTIFA “who can weaponize it.” She is a Belfer Fellow for ADL. **Please See Exhibit #1.**

CONCERN: is SPLC & possibly ADL aiding & abetting ‘Domestic Terrorism’ (18 USC 2331 (5) via the efforts of Dr. Megan Squire.

Belfer Family. The Belfer family supports the ADL’s “Center for Technology and Society” and it’s “Belfer Fellows” program to:

“...study disinformation, deplatforming, and toxicity in online games” and “advance ADL’s work by promoting awareness around online hate and digital citizenship, as well as implementing these projects for the wider social good.” www.adl.org/belfer-fellows

The Belfer family also funds the Harvard Kennedy School’s “Belfer Center” and the Center’s “Intelligence Project” to:

“...build a new generation of intelligence practitioners...and to help future policymakers and intelligence consumers...” www.BelferCenter.org/project/intelligence-project

Paul Kolbe is a Belfer Center – Intelligence Project Fellow. On September 19, 2023, he was appointed to the DHS “Homeland Intelligence Experts Group.” He served for 25 years in the CIA’s Directorate of Operations and was a member of the Senior Intelligence Service. **Please see Exhibit #2.**

CONCERN: is the Belfer Family knowingly or unknowingly financing “Domestic Terrorism’ through the ADL’s Belfer Fellow Program and, by extension, Harvard’s Belfer Center – Intelligence Project; who has ties to DHS?

SPLC. SPLC’s ‘Intelligence Project’ domestic intrigue and Harvard’s Belfer Center ‘Intelligence Project’ international intrigue is eerily similar in name & function. **Please see Exhibit #3.**

SPLC researcher Dr. Jeff Tischauser and Deputy Director for Data Analytics and OSINT Dr. Megan Squire co-write article’s for SPLC. We have previously shown Dr. Tischauser’s connections to ANTIFA^{51,52}.

SPLC writer, Ryan Lenz, as we previously demonstrated, gave conflicting interviews to BLM and FBI concerning the 2014 “Bundy Ranch Standoff.”⁵³

Former SPLC law enforcement trainer, Laurie Wood, taught Local, State, and Federal Law enforcement on ‘extremism’ and ‘anti-government’ for 29 years.⁵⁴

SPLC’s Extremism Council member, Dr. Cynthia Idriss-Miller has counseled WA AG Ben Ferguson on the creation of a DVE commission based on allegedly overinflated FBI DVE cases.⁵⁵

Dr. Heidi Beirich, an “expert on various forms of extremism,” formerly led the SPLC’s Intelligence Project.⁵⁶

CONCERN: Is SPLC ‘Intelligence Project’ related to Harvard’s Belfer Center – Intelligence Project? Is SPLC engaged in a conspiracy to weaponize both Federal, State, and Local government and violent groups like ANTIFA to coerce, intimidate, censor, cancel, and circumvent due process guarantees for all US citizens via supportive Federal, State, and Local bureaucrats? **Please see Exhibit #3.**

⁵⁶ Beirich, H. SPLC Former Director of Intelligence Project. <https://www.splcenter.org/about/staff/heidi-beirich>

WIRED article (Jan 2018) "According to Keegan Hanks, a senior analyst at the SPLC, Squire's database "allows us to cast a much, much wider net. We're now able to take a much higher-level look at individuals and groups"...
 ...SPLC has begun laying the groundwork for it to be fed into its servers."
